

## ARE YOU READY TO MAKE THE MOVE?

A cloud readiness assessment provides an organization with the clarity of vision and concrete steps required to successfully adopt the cloud. Avoid the risk, save yourself time, and save money. **Schedule your assessment, today.**

WE MAKE COMPLEX CLOUD MIGRATIONS, SIMPLE

## HOW A CLOUD READINESS ASSESSMENT WORKS

### 1. SCHEDULE

Schedule your 1hr assessment with a certified EagleDream cloud solutions architect.

### 2. EVALUATE

We will walk through a series of questions to assess and evaluate your organization's readiness for the cloud.

### 3. REVIEW

We will deliver a gap-analysis of your organization and a high-level cloud transformation roadmap.

### 4. EXECUTE

We will work with you to execute on your prioritized list of next steps.

## CLOUD READINESS ASSESSMENT

# 7 PILLARS OF SUCCESS

We evaluate the readiness and risk of your organization migrating to the cloud by assessing your applications in the following categories →

ALREADY HAVE WORKLOADS OR APPLICATIONS IN THE CLOUD?

## SCHEDULE A NETWORK ARCHITECTURE REVIEW

EagleDream can help you evaluate the security, reliability and performance of your architecture with a Network Architecture Review. EagleDream can even help you secure funding to offset remediation costs uncovered during the review.

Learn more at [www.eagledream.com](http://www.eagledream.com) and see if you qualify.

## SCHEDULE YOUR ASSESSMENT

Schedule your 1hr assessment, today with a certified cloud solutions architect.
